This event is open to 11th and 12th grade students and their parents/caregivers.

In Partnership With JDRF and College Diabetes Network,
Dr. Jodie Ambrosino Invites You To An:

Off-To-College Program

This workshop will provide you with practical tools to manage the transition to college. Participate in a conversation with existing college students living with T1D. After an information session and a panel discussion, students and parents will split into separate groups for further discussions. A light lunch will be served.
