

FAQs

Registration Instructions:

When completing your registration on pickleballbrackets.com, please select the “Pay Later” option. You are not required to pay the \$5 PickleballBrackets service fee, as all tournament registration fees have already been collected.

Partner Registration:

When selecting a partner, if they already have a Pickleball Brackets profile, they will automatically receive an email notification indicating that you selected them as a partner. Please note that your partner must first purchase their ticket before finishing their registration on Pickleball Brackets. If your partner does not yet have a PickleballBrackets profile, they will be prompted to create a free account when completing their registration.

Tournament Format:

All events will begin with round robin play, followed by a single elimination playoff bracket.

The number of teams advancing to bracket play will be determined based on final registration numbers for each event.

Tournament Director Discretion:

We are excited to partner with CrossCourt Pickleball who will be running tournament operations. The Tournament Director reserves the right to modify tournament formats, schedules, brackets, or other event details if necessary to ensure a smooth and fair tournament experience.

Adjustments may be made based on registration numbers, court availability, timing, weather, or other unforeseen circumstances.

DUPR Reporting:

Scores will be reported to DUPR
