

Sell a Service

Looking for a simple and effective way to raise funds for your team? Consider offering your time and skills to your community in exchange for donations. By providing a valuable service, you can attract donors who are happy to support your cause. And the best part? People often donate more than what you ask for, especially when they know their contributions will make a difference.

If you own a pressure washer or another in-demand tool, you can leverage your tool to generate donations. One idea is to offer to pressure wash your network's trashcans in exchange for a donation to your walk team. You can also shovel snow, rake leaves, clean windows, and more!

Attention all babysitters! Consider offering your babysitting services to families in your network in exchange for a donation to your Walk page.

Parents will appreciate the chance to enjoy a night off while contributing to a great cause, and you can feel good knowing that you're making progress towards earning all the incentives that JDRF has to offer. Plus, this approach allows you to showcase your skills, build relationships with families in your community, and spread awareness about T1D!

Do you have a unique talent or skill that you're passionate about? Why not use it to raise funds for a cause you care about? Consider hosting a training session, camp, or one-on-one coaching to your community and ask for a donation as an entrance fee. Whether you're a talented dancer, artist, or basketball player, you can leverage your skills to increase your impact for JDRF and T1D.
