*Breakthrough T1D is the leading global organization funding T1D research.*

Our strength lies in our exclusive focus and singular influence on the worldwide effort to end type 1 diabetes, an autoimmune disease that strikes both children and adults suddenly. There is nothing you can do to prevent T1D. And, at present, there is no cure.

## TYPE 1 DIABETES (T1D) BY THE NUMBERS

- By 2050, it is estimated that there will be nearly 600,000 youths with T1D in the U.S.
- 64,000 people are estimated to be diagnosed with T1D each year in the U.S.
- Less than one-third of people with T1D in the U.S. are achieving target blood sugar levels.
- T1D costs each person with diabetes nearly \$500k in medical expenses and lost income.

## BREAKTHROUGH T1D'S MISSION AND PRIORITIES

Breakthrough T1D, formally JDRF, is fighting to find cures for tomorrow, while improving the lives of those with T1D today through research, advocacy and community engagement.
