APRÈS T1D
Hope Gala

The Après we've been waiting for

Après Ski is a tradition as Utah as the mountains themselves. After a hard day on the slopes, you come in from the cold, gather with the people you love, and celebrate the run you just made.

Après T1D is the same idea, pointed toward something bigger.

Every person living with type 1 diabetes knows what a hard day looks like. The middle-of-the-night alarms. The constant calculations. The weight of a disease that never takes a day off. The Breakthrough T1D Utah Hope Gala is the night we gather to honor that resilience and fund the research that brings the real après — a world without T1D — closer to reality.

Join us for an evening of dinner, live auction, and community in the heart of Salt Lake City. Every dollar accelerates the breakthroughs that make “after T1D” possible.

HONOREE

Primary Children's Hospital

Be known as the company that is helping to create breakthroughs for a world without type 1 diabetes.

Type 1 diabetes (T1D) is an autoimmune disease in which a person's pancreas stops producing insulin, a hormone people need to get energy from food. T1D strikes both children and adults, and its onset has nothing to do with diet or lifestyle. There is currently no way to prevent or cure T1D.

Your company will be seen as a leader in your community, making a significant and direct impact in the lives of those living with T1D.

Breakthrough T1D-funded research encompasses T1D at every life stage: stopping its progression in people who are newly diagnosed; reversing it in those who have lived with the disease for years; avoiding or reversing complications; and preventing the disease in people at risk. The time is now to work together, so we can deliver better treatments to ease the daily burden of the disease until there is a cure. We cannot do it alone.

Our mission is to provide life-changing therapies
to the T1D community is being realized by:

\$2.5B
Directed to
T1D research

60+
Active human
clinical trials

400+
