## **FORWARD Together as 1**

There has never been a more exciting time for type 1 diabetes (T1D) research and to be a part of JDRF. We are seeing amazing progress in cures and life improving therapies—advances that we would have considered impossible just 10 years ago! You, our One Society Members, have made these advances possible. Each and every name in this JDRF Donor Honor Roll is that of an individual or an organization who is truly helping us move FORWARD. You've helped us fund research, advocate for government funding and regulatory approval, advance clinical trials, and educate the broader T1D community. As a result, we are seeing better outcomes for our loved ones, and we know that cures are now a matter of **when**, not if. Thank you for helping us draw closer to the day when we will accomplish our vision of a world without T1D.

**YOU are the driving force moving FORWARD toward life-changing breakthroughs to cure T1D and improve lives.**

## Major Donors and Partners

The list below reflects all new gifts of \$25,000 and above received from our generous donors in 2022.

## JDRF T1D Fund

Formed in 2016 by a group of JDRF volunteers eager to address the challenge of low private investment in T1D cure therapies, the T1D Fund is a venture philanthropy fund that has transformed the fight to cure T1D by using donor funds to invest in companies with T1D programs with the purpose of attracting private venture capital to T1D. As of March 2023, the Fund has invested over \$90 million in 33 exciting companies that are committed to developing and commercializing T1D therapies and more than 30 venture capital firms have invested another \$700 million in alongside dollars in T1D programs.

Our early success has created an expanded, powerful movement to cure this disease, now joined by leaders of the life sciences industry with the experience, capital and commercial networks to deliver products to patients. The Fund goes above and beyond investing money. We also support our companies' T1D programs after our initial investment through the expertise and network of JDRF and the Helmsley Charitable Trust. These partners support our diligence and inform our scientific and regulatory perspectives in a commercial context. We redeploy our financial returns from our successful investments into our mission, further magnifying our donors' gifts.

In November 2022, one of the Fund's investee companies (Provention Bio) received the first FDA approval for a disease modifying therapy in T1D (TZIELD). We hope that over the coming years additional therapies will be approved by investee companies.

*The T1D Fund listings are inclusive as of 3/31/2023 of all donors since inception.*

Estate of Charles Wagenheim

## JDRF One Society Lifetime Roundtable Members

Launched in 2020, the JDRF One Society is an annual donor recognition program. Within One Society, a special designation is given to those donors whose lifetime giving has exceeded \$1 Million.

*Should you believe your name was left off this list in error, please contact Elizabeth Jewell, National Director, Donor Experience & Stewardship, at 614.400.6865 or [ejewell@jdrf.org](mailto:ejewell@jdrf.org).*
